Arrangement with the News and Courier is working charmingly. By it two paper, the Weekly News and the TIMIS is obtained for the incredibly small sum of \$2 50, and the subscriber gets as much reading as he can digest the whole week.

Thanks to Congressmen O'Connor and Butler for continued favors.

The State Grange meets on Tuesday in Charleston.

Mr. Rous Bannister killed two hogs a few days ago 18 months old averaging each 440 pounds.

In a row in our town on last aturday night, Dick Ball, a colored man, was badly wounded.

Mr., B. Frank Slater will have a fine lot of horses here on Sunday. Look out for them.

A colored man had his hand badly mangled in Mr. Daniel Livingston's gin on Tuesday. His wounds were treated by Dr.'s Hydrick and Salley.

Mr. W. F. Robinson desires to re turn his thanks to the citizens and firemen who rendered such valuable assistance to him at the recent fire at his residence.

We regret to learn of the death at Cokesbury, of Dr. David Kennerly, son of Mr. SB. Kennerly, formerly of our County. He had just graduated at the South Carolina Medical Col-

We have heard it suggested that the Edisto Rifles have an advantage over the new company, where heavy ordnance is needed inasmuch as the former has two cannons where the latter has only one.

The dwelling and three outbuildings on the place of A. T. Cain, a colored farmer of Middle Township, were destroyed by fire on last Friday evening. A considerable quantity of provisions and other articles wer e also consumed.

We would like to know what fiend entered our school room last Thursday night and carried off our chair. Another chap has run off with our scissors, and we are now clipping with our little bowie knife. We put this in as a warning.

We see by the Columbia Register. that our acting Postmaster, E. A. Webster, met, a few days ago, in Columbia, in Republican caucus, with E. W. M. Mackey and other luminaries to arrange about the prospective loaves and fishes.

Mothers, think of the battle that is being waged by worms against the life of your child. There is no night of rest with them; they fight to kill. Shriner's Indian Vermifuge will annihilate them. Only 25 cents a

On last Thursday night about 11 o'clock, Marshal Cannon discovered Mr. Street's stables afire. Had it not been for the fortunate circumstance of his passing at this time a destructive fire may have been the result. It appears that it originated from ashes which had been thrown out the previous day.

Mr. Harpin Riggs is certainly the most unfortunate man in Orangeburg for receiving injuries to his person. On last Saturday he got up on a bench which tilted with him and he fell on the arm which had been cut up by his gin and bruised it, and knocked his shoulder-blade out of place. He has had it replaced however, and is attending to his business as usual.

It is with pleasure that we note the improvements and accessions to our town which are constantly occurring. Mr. A. W. Myer, of Ridgeville is now laying the foundation of a residence on Cedar Street near the Railroad. We welcome him as a citizen, and hope he will never repent having made his home amongst us.

Mr. Robert Copes, our efficient County Treasurer, who is ever looking to the interest of the tax-payers, has succeeded this year in leasing out several tracts of forfeited land, which would otherwise have been dead property to the State. He is authorized by a law on our statute books to take this course, and he is probably one of the first Treasurer's of the State who has utilized this law for the benefit of the people.

We regret to learn of the continued illness of several of our citizens. Capt. Murray Robinson has been very ill for some days. Mr. Henry Mc-Kewn was in a critical condition last week, but was a shade better at last accounts. Mr. Daniel O'Cain, whose injury we mentioned in our last, although suffering, is doing as well as can be expected.

The lecture which was to be delivered by Rev. J. D. A. Browne before the Young Mens Christian Association at their rooms on last Tuesday evening was postponed until next Tuesday evening in consequence of the inclemency of the weather. We hope the lecturer will be cheered with a good audience as we have no doubt that all who come out will be pleased. and wofited.

We are convinced that it a contake to pur down every grademan who settles transfer us from the other side of Masons and Dixon's line as a consumptive. We know of one individual who was so represented who has been coughing ever since, although he is as sound as a dollar He seems to be apprehensive that the continuance of such grace reading may ultimately throw him into a

It was our p'easure yesterday to erjoy a social chat with Mr. James Moss, Mr. W. W. Oliver and Dr. T. K. Keller of St. Matthews. We are giad to note that the people con template putting up a neat and sub stantial school house in that community and that they are looking out for a suitable model. Such efforts for educational advancement are sources o. incorrement. Too little attention is paid to our school houses.

Rev S Lander, of Williamston Female College, was on a visit to our town during the week. We believe he represents the only institution in our State which carries into practice the one study plan. We confess we are faverably impressed with it, and all the students with whom we are acquainted are enthusiastic in their admiration of the system. The unity and concentration which is gained by the periodical pursuit of one subject certainly has its advantages.

Mr. Stoudenmire informs us that he has every reason to believe that the fire in Lewisville, an account of which has appeared in our paper, was not an accident, but the work of an incendiary for purposes of robbing, which were accomplished. The fact that his keys were found in the ashes while none of the specie has been discovered after diligent search gives strength to this supposition. Mr. S. desires to return thanks to the citizens of Lewisville who have been so kind in assisting him since his losses.

The military spirit seems to be on the increase in our Burg. On Wed nesday evening a meeting was held at the Engine House for the purpose of organizing a new company to compete with the Edisto Rifles, which has now arrived at a considerable degree of prosperity, and is composed of a number of our most excellent young

At the appointed time the meeting was called to order by Mr. B. P. Izlar, and Mr. C. S. Bull, was requested to act as Secretary. After a short discussion upon the object in view, an organization was effected by the election of the following officers:

Captain B P Izlar. 1st Lieut. A M Izlar. 2d " J S Sims. 3d " C S Bull. 1st Sergt. C R Jones. 2d " A D Cannon.

3d · · W II Schiffley. 4th " W F Robinson. 5th " L S Rickenbaker.

1st Corpl. Willie Stewart. 2d " Lendo Ransdale.

34 " W E Williams. 4th " ES Griffin. Sec. and Treas. A B Walker.

We think the cultivation of this spirit of friendly rivalry will be beneficial in its results. It will give life to both the organizations, and awaken an esprit de corps which would not otherwise exist. We wish long life

The dry weather has cast a gloom | Fine Cutteryover many of our farmers, some of them, thinking that it bodes a bad year for planting, and the cultivation of the soil; but the true plan is never to meet trouble half way. Let our people be frugal and spend what money they have to spare only at those places where the middle men do no come in. Let them buy at one price stores, and where they can get a quid pro quo for their money. Dollars will take care of themselves; the din.es and quarters are what they should watch. Let not the glare and glitter of fancy stores carry them away, and induce them to purchase articles at fancy prices, simply to get up names for themselves, for permanent and abiding prosperity will at tend only those who do not permit bear Length to be taken in by missing ees. Let then the people reflectheir interest carmly and put their money where it will do them the most good. It is said and almost universally believed that that place is in Orangeburg, and that the store at which all this should be done is presided over by C. D. Kortjohn, the champion of low prices. But we will not say more this time in favor of this model merchant. Let it suffice that we have given you the hint where to go.

The quiet of our town was dis turbed on Saturday night by a colored man who was creating a row in I readwell lot. Marshal Jones, who was en duty in that portion of the town, hearing the noise, proceeded to the spot and noticing that the chap, whose name we withhold, had a pistol, ordered him to put it up. Instead of doing so he fired at Mr. Jones, the ball striking him in the forehead, but fortunately glancing and thus inflicting a severe flesh wound instead of a mortal on, 'rom which it seems there was an admost miraculous escape. Mr Jones, nothing daunted, immediately pursued his man, but without success. He made his es ape, but we have reason to believe he will yet be captured, and if so, we trust that he will be punished to the extent that he will never again raise his hand against an officer of the peace.

Law breakers ought to be taught that they cannot with impunity resist public authority, or take law in their own hands. The police must be sustained, under all circumstances, if we wish to promote and maintain the security of the community. There is never an excuse for resisting the
